

GOPI M

Java Backend / Full Stack Developer

Phone: +91 96554 22045 Email: mr.gopi0004@gmail.com GitHub: Gopi-Dev-004 LinkedIn: gopi-m-java-dev

Summary

Java Full Stack Developer with 6 months of internship experience in developing backend applications using Java and Spring Boot. Strong knowledge of OOP concepts, RESTful APIs, MVC architecture, JDBC, Hibernate, and MySQL. Experienced in CRUD operations, exception handling, and API integration with frontend technologies. Actively seeking an entry-level Java Backend or Full Stack Developer role.

Technical Skills

- **Programming:** Java, Java 8 (OOP, Collections, Stream API)
- **Frontend:** HTML5, CSS3, JavaScript, React (Basic)
- **Backend:** Servlet, JDBC, Spring Core, Spring Boot, Hibernate (ORM), REST APIs
- **Database:** MySQL, SQL, ACID Properties
- **Security & Web:** JWT Authentication (Basic), Session & Cookies, JSON, Swagger API
- **Tools & DevOps:** Maven, Tomcat, Postman, Git, GitHub, CI/CD (Basics), SDLC, Agile
- **Testing & Architecture:** JUnit (Basic), MVC Architecture, Microservices (Basic), Troubleshooting

Internship Experience

Full Stack Developer Intern

Jul 2025 – Jan 2026

Uniq Technologies

- Developed backend applications using Java and Spring Boot following MVC architecture
- Designed and implemented RESTful APIs for business modules
- Performed CRUD operations using MySQL and JDBC
- Implemented validation, exception handling, and core business logic
- Tested APIs using Postman and collaborated with frontend team for integration
- Used Git and GitHub for version control

Projects

Car Insurance Management System (Self-Designed Backend Project)[Link] Dec 2025 – Jan 2026

- Independently designed and developed a backend system to reduce manual car insurance processes
- Implemented modules for policy management, customer details, and insurance records
- Developed RESTful APIs using **Java** and **Spring Boot**
- Designed and managed relational database using **MySQL**
- Applied layered architecture with proper validation and exception handling

Banking System Application (Team Project) [Link]

Nov 2025 – Dec 2025

- Demonstrated ability to collaborate within a team to develop a banking system with core user operations
- Contributed mainly to backend development using **Java** and **Spring Boot**
- Designed and worked with REST APIs and backend flow (Controller, Service, Repository)
- Assisted in database design and handled CRUD operations using **MySQL**
- Features included account creation, transactions, balance enquiry, and validations

Education

Sri Vidya Mandir Arts and Science College, Uthangarai

Oct 2022 – Apr 2025

B.Sc Computer Science — CGPA: 7.8 / 10

Certifications

ReactJS Workshop (2024), SAIT'24 IT Symposium (2024), Typing – First Class with Distinction (2025)

Soft Skills

Logical thinking, Communication, Teamwork, Problem Solving, Adaptability, Self-Learning
